

Colorado Section PGA Warren Smith Award

The Warren Smith Award is awarded to a PGA professional for special contributions to the game of golf, the Colorado Section, junior golf and to their facility. The successful candidate will bestow special recognition for outstanding contributions to the game and the Section. Contributions to community charities, junior golf and facility are some of the criteria considered.

The honor should be awarded based on a professional's entire career as a PGA member. Due to the special circumstances with this award, the Committee reserves the right to only recognize an individual for this award when warranted.
